The GAZETTE is now the oldest paper in the State, and with few exceptions the oldest in the country, and its usefulness has been demonstrated and appreciated during the EIGHTY SEVEN YEARS of its existence. It its columns has always been found a mirror of passing events, and the careful chroni cling of the history of what is going on in the world has ever been its aim. It is always welcomed in the household, while in the counting room and workshop it has become invaluable.

The GAZETTE has better facilities for obtaining news than any paper outside of the national capital. Situated as it is so close to the great centre of news, it enjoys daily the benefit of the Associated Press dispatches from every part of the world; hence its patrons can read from its columns in the evening what has transpired that day in every portion of our own domain as well as from every part of the babitable globe. Consequently it is an every day occurrence for the GAZETTE to publish telegrams from the various European capitals twelve and fifteen hours earlier than the morning pa-

Another feature that serves to make the GAZETTE a great desideratum with merchants is its afternoon market reports from New York, Baltimore, Chicago and other

Correspondence from Washington, Richmond and every section of the State, is published regularly, and all events of interest occurring within the bounds of the Commonwealth are to be found in the column of the GAZETTE.

The local department furnishes a full and complete history of everything that occurs in and near the city, and this feature will as ever, receive careful attention.

The GAZETTE's circulation is steadily increasing, especially among people who consult its advertising columns before purchas ing. That this is self-evident may be inferred from the fact that a large country edition-nearly as large as the daily--is sent all over this section of country three times a week, and is read by thousands, most of whom send here or to contiguous cities to make purchases. The advantages of advertising in the GAZETTE are, therefore, ap-
